

Highlights

YEAR:

2007 - 2008 - 2008

PROJECT:

1. Al Sheikh Tower - 2. Sayidan Tower - 3. Waseel Tower

DESCRIPTION:

It is no wonder King Fahad Road has become one of the most important roads in Riyadh. The name alone is an omen, and the shining towers lined up side by side seal the prestigious royal image. And it is no wonder Sigma has secured its name in many of these shimmering towers by offering quality systems.

Al Sheikh Tower - a classical modern commercial tower designed by Saudi Architects - is hosts offices for local and international companies. Al Sayidan tower is the creation of Al Wasat Consulting office. Al Waseel tower has a 3D design effect, designed by the renowned architectural and engineering consulting company Khatib & Alami which operates in various countries. K&A employs over 25,00 engineers, technicians, and administrators. Since 1984 K&A has continuously been ranked among the top 100 International Design Firms as published by "Engineering News Record". During that period they have been using Sigma's specified quality paint solutions.
