2007

PROJECT:

Al Othaim Mall

DESCRIPTION:

Al Othaim Mall chain, with branches in every major city in Saudi Arabia, is one of the most important local shopping centers with an image of 'value for money'. It is a favourite shopping center for expatriates and nationals while it offers a wide product range of well-established brands with competitive prices. The consultant and the owner of the famous mall jointly selected paint systems with high value for money. Sigma provided the most apt solutions for the wall areas and staircase with heavy use, as well as the ceiling.
