**PROJECT:**

Yamama College

**DESCRIPTION:**

Al Yamama Colleges are located on Qassim Road, north of Riyadh. The owner of the boys and girls' colleges is one of Sigma's most loyal customers, knows the true quality of Sigma's products and the value of applying correct systems, having previously been Sigma's successful dealer for more than a decade. Therefore, he consistently recommends Sigma for all his projects.

When approaching Riyadh from Qassim, these two colleges are like 'appetisers' before Riyadh, giving an indication of the city's progress towards modernity and prosperity. The project simultaneously reflects the nature of the desert and the lifestyle of a big city. Sigma also secured the campus city in these two colleges.
