PAINTS**

# Highlights

**YEAR:**

2006

**PROJECT:**

5 Stadia

**DESCRIPTION:**

The arrangements for the 15th Asian Games were at their peak when one of Sigma’s preferred applicators (Safari Co. Ltd) was awarded a contract for repainting five major stadia (Al Gharrafa, Al Rayan, Al Khor, Al Wakra, and Al Ahli ) in Qatar, to be used first for a major Gulf football tournament, and some were also to be used for the Asian Games.

The total area to be painted was 90,000 sqm, the painting system to be applied was Epoxy + Polyurethane and the deadline written in the contract for the completion of the project was a mere 30 days.

Excellent coordination by the full Sigma team including Saudi production, logistics and the local sales and inspection teams ensured that Safari were able to rise to the challenge and complete on time.
