

**SIGMA
PAINTS**

Highlights

YEAR:

2009

PROJECT:

Jeddah Gate Development

DESCRIPTION:

Jeddah Gate Development is a massive project consisting of 53 towers. While many grand Middle Eastern projects have been cancelled or postponed during the era of global economic turndown, Jeddah Gate Development is proceeding gallantly as per the original plan developed by Emaar Middle East.

Sigma entered the race as a last minute 'black horse'; provided notable technical documentation and presentations, submitted a series of high quality samples, prepared the mock-up apartment elegantly and won the first race - getting approved for the first phase including three towers.

OWNER:

Emaar Middle East

LOCATION / COUNTRY:

Jeddah - KSA

SIZE (Sqm):

180,000 m²

CONTRACTOR:

International Building System.
